

Board of Directors
 Bonita Community Health Center
 3501 Health Center Boulevard
 Bonita Springs, Florida 34135

Dear BCHC Board Member:

The following organizations believe that the thousands of Bonita Springs, Estero residents and “snowbirds”, need better access to emergency medical services. Together we support the efforts of the South Lee County Hospital Committee to work toward modifying the Bonita Community Health Center (BCHC) to add such a facility to the Center by 2011, as proposed by the Lee Memorial Board earlier this year.

The actions of our Board of Directors in approving our signatures on this letter reflect the support of the many members of our diverse organizations and ultimately the widespread support of all the residents of our two communities.

We urge you to move ahead on this vital project in 2010. We pledge our full support.
