RE: Country Creek Golf Course Utility Shed
Public Informational Session Summary and Design Review Comments
Estero Design Review Committee Meeting of Oct. 10, 2007
Location: The Estero Recreation Center

Dear Applicant and County Staff:

The above referenced project was presented to the EDRC on Oct. 10, 2007 and has satisfied the public informational session as required per LDC, Sect.34-1042. The EDRC reviewed the submittal and discussed the design documents.

Comments:

The Utility Shed is well within the Country Creek property lines and is not visible from outside public roads. The applicant is in possession of a letter from the closest neighbor in residence at Country Creek and probably the only one who will be able to see the shed, stating he has no objections to placing the shed where it is sited. The EDRC and the community have no comments.

The EDRC, on behalf of the citizens of Estero, would like to thank the applicant for the submittal and cooperation with the design review procedures.

Sincerely,

Original Signed

Thomas J. O'Dea
Co-Chairman, Estero Design Review Committee
